From time to time scholarship opportunities come available. For current availability and specifics, see our admissions office. Not all scholarships are based on the same criteria. Our scholarship committee is interested in connecting prospective students with scholarship opportunities as they come available. The areas of focus may include such things as : Godly character, economic need, athletic, outgoing personality, and technical savvy. Local employers are actively strategizing ways to assist with providing scholarships to prospective students who would be great employees. There are not many scholarships and there are no guarantees of scholarship availability; however, check out the possibilities today.

Below are scholarships our committee periodically pursues. A summary of a typical application process is also listed.
